

Aspen Hills Break-Away Gate Sign Policy

Purpose: The purpose of this policy is to regulate the posting of signs on break-away gates at the entrances to Aspen Hills.

1. All signs posted must be approved by the AHOA Board or their designated representative.
2. There may be up to 4 signs posted on each break-away gate.
3. The location nearest the lock on each gate will be reserved for the AHOA so that information will be readily visible to members entering the property.
4. The posting of signs at the entrances will maintain a professional appearance. All signs must be constructed of metal and shall be 24" by 24 " in size.
5. Sign space shall be available for sale at the rate of \$100.00 per location, per year.
6. Unauthorized signs will be removed without notice.
7. Commercial signs within Aspen Hills may only be placed at the gate locations as described above. Property sales signs are an exception to the sign policy. One sale sign may be placed on the roadside of the property for sale. See AHOA Protective Covenants Article IV section 9.
